ÖVRIGA OBSERVATIONER:

**Udden:**

Tobisgrissla 2 (MEL, GFL)

**Mellersta lunden:**

Större hackspett 15, kornsparv 1 (MEL)

DIVERSE:

Today 2 out of 2 guidings were held by Gustav, but the track record of no birds getting caught during them kept going. Madde did some birdwatching during the day.

An after-work in Kalmar was held by Birdlife during the evening and Julia had to hurry away from the cape in order to be "only" one hour late. They all had a fun time at Krögers!
