DIVERSE:

Julia, Tobbe och Sara came back. Julia went shopping in Willys in the morning and had a nice plate of plantballs with mashed potatoes in IKEA for lunch. Gustav held 2/2 guidings today as well and those were his best ones yet!!

Gabriel and Tobbe went to catch some common sandpipers for Gabriel's project during the afternoon, evening and night. Madde had a day off and decided to go for a run to the forest and back. She also studied some Norwegian. The station staff went to the birder's pub held in Fågel Blå and ate some really nice food.
