DIVERSE:

STTG: Slow day despite no wind (only 8 birds).

AND: 17 mallards ringed, and many teals and mallards controlled.

GAMM: JMS and FOG went blackbird-catching again. They ringed and tagged 2 more blackbirds and ringed 3 great tits.

Div: As part of a study on bird influenza, the duck team had set up a camera in the forest with some meat to see what kind of predators make use of corpses. Quickly they found out a buzzard had taken a liking to it and came repeatedly. They had the idea of using a spring-trap today and managed to catch it! It was a lovely 2nd year bird. This was the first common buzzard in the hand for many of us, so we were very
